WORK EXPERIENCE

PROJECT MANAGER

70 Ways

May 2025 – July 2025 Australia

- Managed BDM and growth analytics projects with a focus on social media analytics and team leadership.

DATA ANALYST

Royal Care Consultancy (Healthcare)

Mar 2024– Jan 2025 Pakistan

- Led data cleaning and preprocessing of large healthcare datasets
- Developed standardized reporting systems for clinical and financial metrics
- Collaborated with cross-functional teams for data-driven decision making

DATA ANALYST

The Car Gadget (eCommerce)

Mar 2023 – Feb 2024 Pakistan

- Conducted financial and advertisement analysis to optimize ROI
- Performed market research and presented actionable insights
- Prepared weekly/monthly data reports and dashboards using Excel and Power BI

DATA SCIENCE INTERN

Prodigy Infotech

Feb 2024 – Mar 2024 India

- Performed EDA and data visualization on real-world datasets using Python
- Gained hands-on experience in applying ML algorithms on structured data

PROJECTS

Power BI Dashboards:

- Sales Dashboard: Sales by region, segment, time-based metrics
- HR Dashboard: Project tracking, performance evaluation, employee satisfaction

Machine Learning Projects:

- Implemented Regression, SVM, KNN, Naïve Bayes, Clustering on various datasets
- EDA on Titanic and Iris datasets using Python

Excel Projects:

- Task Tracker, Progress Gantt Chart, and KPI Dashboards

Bike sales dashboard excel

- Power BI Data Professionals survey breakdown dashboard

EDUCATION

MS in Computer Science

Superior University

2022 – 2024 Lahore, Pakistan

BSc in Mechatronics & Control Engineering

University of Engineering and Technology

2018 – 2022 Lahore, Pakistan

IELTS 7 Bands

SUMMARY

Detail-oriented Data Scientist with 2+ years of experience in eCommerce and healthcare analytics, specializing in data cleaning, visualization, reporting, machine learning and artificial intelligence. Strong foundation in Python, SQL, and Power BI. Proven ability to derive actionable insights from complex datasets. Seeking a data-driven role to support strategic decision-making in a forward-thinking organization.

CERTIFICATIONS

Data Science & Machine Learning with Python

From LUMS

Google AI Essentials

From Coursera

Excel Basics for Data Analysis

From IBM

Project Management

From Great Learning Academy

Introduction to Relational Database & SQL

From Coursera

Basics of Python, ML & Data Science

From Cambridge CIQ / UniAthena

Power BI: Prepare, Clean, Transform & Load Data

From Coursera

SKILLS

- Data Cleaning
- Data Wrangling
- Exploratory Data Analysis (EDA)
- Predictive Modeling
- Machine Learning Algorithms
- Gen AI
- Analytical Thinking
- Problem Solving
- Team Collaboration
- Time Management
- Leadership

LANGUAGES & TOOLS:

- Python (Pandas, Plotly, Scikit Learn, NumPy, Seaborn, Matplotlib), SQL
- Prompt Engineering
- Power BI, Tableau, Excel
- Google Cloud, Jira
- ChatGPT, Gemini, VEO3, Eleven Labs, Perplexity

RESEARCH PUBLICATIONS

- Sentiment analysis for movies recommendation system
